**CONSTANCE TSARABANJINA,
A MADAGASCAN WONDER BETWEEN THE SKY & SEA**

The pearl of the Indian Ocean, Constance Tsarabanjina Hotel has been refurbished to offer the ultimate getaway experience. A tropical refuge located off the coast of Madagascar, Tsarabanjina is an island hotel paradise where everything is protected, from the sea bed to the shells on the sand.

A new chapter is being written for this Malagasy establishment by Constance Hotels & Resorts. Its new look combines lush exoticism, luxury ethics, simplicity and escape. Here nature is the key word: a true source of inspiration which is at the heart of the hotel's meticulous decoration.

The 25 bungalows, with ecological thatched roofs hidden under the palm trees, have all been redecorated in a colonial style: magnificent mahogany beams frame the villas with rustic hand-made benches at the foot of each bed. The tones are soft and enveloping; the materials are raw and natural and the decoration is simply elegant. *"All the villas are built and decorated in simple tones with more than a touch of Constance comfort"*, explains the Assistant Resort Manager and Marine Biologist, Elena Zanella.

terrace or while relaxing in one of the hammocks suspended between two giant palm trees. The colors of the sky merge and change throughout the day from sunrise to sunset - like real paintings that you contemplate while sitting with your feet in the sand. 'No shoes, no news', is the motto of this paradise.

Sail for a picnic on a totally deserted island where baobab trees grow; put on a mask and snorkel to mingle with the damselfishes, colorful coral fishes and count the terns jumping on the pearly sand. The guests at Constance Tsarabanjina are embraced by their own dreams on this protected and sumptuous island, raw and wild at the same time. Tsarabanjina is one of the world's most unique places, offering the privilege to step in to your very own Eden!

"A true encounter with nature is expressed when you dive into translucent water while contemplating sea creatures that you have never seen before or when you take a simple stroll on a fine sandy beach, under a shining sun ..." says Elena.
