NEW UPLIFTING EXPERIENCES AT CONSTANCE HALAVELI, MALDIVES

The five star Constance Halaveli in the Maldives has created four heavenly new experiences, designed to give guests some truly magical memories while uplifting the spirits and nourishing the soul.

- **The Constance Holistic Journey**

A life changing escape to boost strength and vitality. Prior to arrival, Halaveli's team of experts will start creating a personalised programme to retune a guest's body and reset their mind after this challenging year. Once on the island the guest will meet with Halaveli's nutritional expert, yoga guru, fitness instructor and spa therapist to commence a transformative holistic journey. Guided meditation; yoga sessions on the soft sand; gym, tennis and aqua exercise will all be complimented by special menus designed to target any specific health issues. This sense of wellbeing will be further enhanced with targeted spa sessions to melt away muscle tension and enliven the senses. Guests looking to take part in the holistic journey should contact the Spa at spa@halaveli.com or on +960 6667125.

- **Ultimate True by Nature Journey**

Spend a night under canvas or simply beneath a blanket of stars on your very own desert island off the shores of Halaveli. A ten minute speedboat ride will take you to a deserted stretch of sand where you will experience nature at her purest. A sandbank butler will be on hand when needed (sleeping on a dhoni boat so as not to disturb you) and ready to prepare a delicious picnic lunch and barbecue dinner as well as setting up fishing lines and snorkelling equipment and keeping the night time bonfire burning. A night on this deserted spit of sand will be whatever you want, a playful Robinson Crusoe adventure or deep mindfulness between you and the universe. Either way it is one of the rarest experiences you could ever choose.

The Castaway Experience is available to all guests and can be booked on arrival at an additional cost.

- **Halaveli Wine Journey**

Wine lovers are spoilt for choice at Constance Halaveli with over 1780 different wines on offer from over 325 winemakers around the world. As well as private visits to the extensive wine cellars, there is the option to have a private wine class or a blind wine tasting and even the chance to kayak out to a sandbank for a wine tasting there. Alternatively, guests can enjoy the very popular lagoon wine tasting experience, standing knee deep in the crystal blue ocean watching the sunset while tasting wines from around the world.

There is also the option to have special food and wine pairing dinners - choose your ideal menu and the sommelier will select the perfect wine to accompany it. Alternatively turn this idea on its head by selecting your ideal wine and then the chef will create the perfect menu to go with it!

- **Bespoke Villa Experience**

The stunning villas at Constance Halaveli have always aimed to surpass a guest's expectations, providing everything they could possibly need. This has now been taken one step further with guests able to select the fragrance they would most like for their room, choosing from different essential oils and soap, and even deciding the colour scheme they would prefer for the cushions and bed runner.

They can also ensure the perfect night's sleep by selecting from the pillow menu which includes an aroma pillow, NASA designed memory foam and a 100% buckwheat pillow. In addition there is a new dedicated Halaveli music playlist on the Halaveli app which will ensure the perfect ambience. Make your Halaveli villa your heavenly home, lift your spirits and feel truly alive.

Constance Halaveli is currently offering a [40% discount](#) on the cost of a room.

This offer is valid from now until 31st October 2021.
