

CONSTANCE HOTELS & RESORTS OPENS
A NEW AIRPORT LOUNGE IN MALÉ, MALDIVES

Constance Hotels & Resorts has opened a new guest experience lounge as part of the recently inaugurated seaplane terminal, Noovilu, at Velana International Airport, Maldives. Designed to uplift Constance Halaveli & Constance Moofushi guests' arrival and departure experience, it is one of the first five lounges available at the new seaplane terminal.

Constance's new lounge is located on the second floor in the right wing of the building, adjacent to the lift, providing easy access for guests arriving in Malé after a long flight. The new lounge space increases by 90m² compared to the previous lounge, reaching an area of 270m², providing guests with more space and more facilities for comfort, including two restrooms, bathrooms and private areas for showering. The fantastic sea views of the new lounge ensure that guests can enjoy the landscape and seascape from the moment they arrive to the moment they depart; the open-air deck and the excellent service give them a glimpse of the luxury experience at Constance Halaveli or Constance Moofushi.

"Our wonderful team at the new airport lounge ensures guests have a 5-star first and last feel. Allowing guests to relax undisturbed, whether waiting for their seaplane after a long trip or chilling before their international flight after a luxury stay at Constance hotels." Said Tangi Le Grand, Regional General Manager for both Constance hotels in the Maldives.

Constance guests can check in and get information and guidance about their stay before they board the seaplane heading to their resort; they can also book activities and reserve their preferred destinations and dining options. In contrast, guests departing the Maldives can sit back and relax in the new lounge without worrying about flight timing and how long they must wait before flying back home.

With a selection of refreshments featuring a variety of snacks and drinks, free internet connection, and a massage chair, in addition to a separate corner for kids to keep the little ones occupied, including TV and games, guests can unwind and wait for their next flight peacefully.
